**CALL TO ORDER**

Ms. Robbins called the committee meeting to order at 12:43 p.m.

**NEW BUSINESS**

A motion was made by Ms. Robbins, seconded Ms. Robinson to approve the meeting minutes from November 20, 2013. The motion was unanimously carried.

**UNFINISHED BUSINESS**

Ms. Mast provided the committee with examples of rules and regulations from surrounding states for review. She also provided examples of applications and requirements from other boards for

review. The committee reviewed the examples and determined that two licensure types would benefit the public. The licensure types being considered are: Non-Certified, with an expiration of 24 months. This type would allow existing technicians the ability to have a path towards certification which would allow continued employment. The second licensure type would be certified. This licensure type would be granted to passers of the PCTB exam and would be renewable bi-annually.

The committee also discussed a grandfathering clause to be available for a limited time. The requirements would include employment verification for a minimum of five years with 3 of those years in the most current five year period.

Reciprocity requirements were discussed. The applicant must be actively licensed in another state and be PCTB certified.

Mr. Dryden will provide NABP rules for Technicians to be reviewed at the next meeting.

**Public Comment**

None

**Next Meeting**

The next meeting will be held March 19, 2014, immediately following the Board of Pharmacy meeting.

**Adjournment**

A motion was made by Ms. Robbins, seconded by Mr. Musto to adjourn the meeting, as there is no further business to discuss. The motion was unanimously carried. The meeting adjourned at 2:40 p.m.

Respectfully submitted,
